## Dental Laboratory

### Production Schedule

#### Denture Department:

Custom Trays.....	2 days
Occlusal Rims.....	2 days
Setup for try-in.....	3 days
Process and Finish.....	3 days
Soft Nightguards and bleaching trays.....	2 days
Hard Nightguards.....	3 days
Relines and repairs *	.....generally same day, please call ahead

\*if casting a clasp, arm or part is required, please add 3 days.

If repairs and relines are in by 10AM they will generally be returned by 4PM

#### Vitallium® Partial Department:

*All Vitallium® Partial Frameworks are done in our laboratory and are not sent out*

Vitallium® Partial Framework.....	5 days
Vitallium® Partial Framework with occlusal rims.....	6 days
Weld - Repair.....	1 day

*When calling, please **tell us** if the pick up is either a **wet** (impressions), **dry** (models or try in), or **repair/reline**. This will help us in setting priorities for delivery routes. Repairs and relines are generally returned the same day (In by 10AM - Back by 4PM, please call).*

Note that pickup and delivery days, holidays and weekends are not counted as workdays. In general, if multiple steps are needed please add the number of workdays for each of the services requested. Please write the due date and time requested on the prescription.

If you have any questions or special needs please call.
